## VENUE

The event, organized by DiSt and CIB, represents the second edition of the International Fire Safety Symposium held in Coimbra (PT) in 2015. The Symposium will be held at the Federico II Convention Center, Via Parthenope, Naples, Italy.

Naples is Italy's third-largest city, one of its oldest, most artistic and most delicious. Naples' historic centre is a Unesco World Heritage Site, its archaeological treasures are among the world's most impressive. Wonderfully rich in vainglorious palaces, castles and churches.

Then there is the food. Blessed with rich volcanic soils, a bountiful sea, and centuries of culinary know-how, Naples region is one of Italy's epicurean heavyweights, serving up the country's best pizza, pasta and coffee, and many of its most celebrated seafood dishes, street snacks and sweet treats. You will uncover a city of breathtaking frescoes, sculptures and panoramas, unexpected elegance, spontaneous conversations and profound humanity. Welcome to Italy's most unlikely masterpiece.

## INTRODUCTION

The Symposium aims at collecting and disseminating the advanced results of scientific researches concerning Fire Safety. It represents an opportunity to share research, technology and expertise among peers in an international forum. The Symposium is addressed at the International scientific community but also at the most advanced industrial and professional representatives, in order to inspire the debate on critical issues concerning the Fire Safety.

## KEYNOTES

The morning session will be opened by a **keynote** speech given by an affirmed scientist in the fire community:

- **Prof. Venkatesh Kodur**, Professor and Director of Center on Structural Fire Engineering and Diagnostics, Dept. of Civil & Environmental Engineering, Michigan State University, **USA**.
- **Prof. Luke Bisby**, Professor and Head of Institute for Infrastructure & Environment, School of Engineering, University of Edinburgh, Scotland, **UK**.
- **Dr. Guillermo Rein**, Associate Professor at Department of Mechanical Engineering of Imperial College, London, **UK**.

## PAPER AND POSTER COMPETITION

All accepted papers will be indexed by Scopus. The best papers will be selected for a Special Issue of an International Scientific Journal. Competition for excellent research student papers, as well as an open poster competition will be held.
